Dear Friends

It is my pleasure to submit to you the 2010 Junior Achievement Annual Report. The annual report will provide to you a financial status of our organization and will have a special focus on our students and our volunteers. The relationship between the two is what sets Junior Achievement apart from many other organizations and is the key to our proven impact and ability to transform the lives of young people.

The JA volunteer brings the world of work into the classroom and makes a difference in the lives of every student they teach by sharing their work and educational histories, which in turn affects a student's point of view and perspective. They begin to be more curious and to feel invested in their own educations and career paths. To the over 1,150 volunteers who went into a classroom last year to deliver a JA program – thank you!

While as a nation we continue to struggle with a challenging economy, we are grateful for the commitment of our partners that continue to support Junior Achievement and its mission to inspire and prepare young people to succeed in a global economy. This year we had our own challenges at Junior Achievement as our local territory grew to include towns and cities in Central Massachusetts as well as the entire state of New Hampshire. I'm proud that the staff and volunteers met the needs of local educators as nearly 43,000 Junior Achievement students in our expanded region had the benefit of learning about financial literacy, work readiness and entrepreneurship this year – and those lessons learned will produce positive results for years to come.

As I finish my term as the Chairman of the JA Board of Directors, I remain optimistic about the future and know that the commitment of each member of our Board of Directors and our Advisory Council is strong and steadfast. It is through their dedication, and the support from local corporations and foundations, as well as the talented volunteers who teach our programs that will map out the future success of this organization.

When we commit our time and support to young people, we all benefit! I'd like you to know that I am grateful for the team in place at JA, our supporters and our volunteers, thank you.

As always, let their success be your inspiration.

Sincerely,

Michael G. Olivieri

About

MISSION STATEMENT

To inspire and prepare young people to succeed in a global economy.

PURPOSE STATEMENT

Junior Achievement educates young people to value free enterprise, business, and economics in order to improve the quality of their lives.

HOW DO WE ACCOMPLISH THIS?

At JA, we bring the workplace into the classroom. Hands-on, interactive lessons taught by local business volunteers create an experience for students that:

- ▲ Provide them with an understanding of economic and financial literacy concepts
- ▲ Strengthen creative problem-solving and life skills
- ▲ Motivate them to stay in school
- ▲ Provide them with encouragement and resources to pursue higher education and careers in business

ABOUT JUNIOR ACHIEVEMENT

Junior Achievement is the world's largest in- and after-school practical business education program. JA has a proven long-term impact on youth giving them a stake in the free-enterprise system to create a better workforce for tomorrow. This past year, 1150 business volunteers used JA developed curriculum to educate 43,000 K-12 students in Eastern and Central Massachusetts and in the state of New Hampshire, with a focus on reaching disadvantaged youth. The student cost is covered by donors and friends, making the program free for students, schools and organizations to participate. To learn more and to get involved visit: www.janewengland.org.
